QUEEN OF THE ROSARY
CATHOLIC SCHOOL

OUR LADY OF THE
BLESSED SACRAMENT
PARISH

January 2023

Please join us on Sunday, January 29 for National Catholic School Week’s Open House, our annual celebration of what makes a Queen of the Rosary School education outstanding. Starting with the 10:30 AM Mass on Sunday, January 29, we have activities planned to celebrate the community, as well as our students, as they learn about their faith and the skills that will benefit them in the 21st century.

The theme of our celebration is “Catholic Schools: Faith. Excellence. Service,” which focuses on the core of Catholic education. Schools are not only communities themselves, they are also part of larger communities, including Our Lady of the Blessed Sacrament Parish, Elk Grove Village, the Chicago area, and our nation. The theme also highlights key elements of Catholic education: faith development, academic excellence and dedication to service. These elements set Catholic schools apart from other educational options. They are why families make sacrifices to provide their children with a Catholic education, and they are what make Catholic schools succeed.

As we celebrate National Catholic Schools Week, I would like to thank Our Lady of the Blessed Sacrament Parish, parishioners, and staff for their continued support of our school. We are grateful for your prayers and contributions that enable us to continue to succeed.

I hope you will visit Queen of the Rosary on Sunday, January 29 from Noon to 1:30 PM during the school’s Open House to view students’ work, see a demonstration of our climbing wall, and visit with our clergy, faculty, staff, board members and families. Please bring your friends and neighbors, particularly those who may be considering Catholic education for their children.

I am grateful every day for the teachers, staff, board members, parents and volunteers who make our school a success and thank them for their dedication and service.

Pope Francis has invited Catholics across the world to deepen our appreciation, love and faithful witness to God and his Word by establishing the Third Sunday in Ordinary Time as the Sunday of the Word of God. In his Apostolic Letter, *Aperuit Illis*, he wrote:

Along our path of welcoming God's word into our hearts, the Mother of the Lord accompanies us. She is the one who was called blessed because she believed in the fulfilment of what the Lord had spoken to her (cf. *Lk 1:45*)...A great disciple and master of sacred Scripture, Saint Augustine, once wrote: "Someone in the midst of the crowd, seized with enthusiasm, cried out: 'Blessed is the womb that bore you' and Jesus replied, 'Rather, blessed are they who hear the word of God and keep it'. As if to say: My mother, whom you call blessed, is indeed blessed, because she keeps the word of God. Not because in her the Word became flesh and dwelt among us, but because she keeps that same word of God by which she was made and which, in her womb, became flesh" (*Tractates on the Gospel of John*, 10, 3).

May the Sunday of the Word of God help his people to grow in religious and intimate familiarity with the sacred Scriptures. For as the sacred author taught of old: "This word is very near to you: it is in your mouth and in your heart for your observance" (*Dt 30:14*).

To mark Sunday of the Word of God, Our Lady of the Blessed Sacrament will prominently display the Bible in our worship spaces, and bless those who proclaim the Word of God at all of our Masses. We are also making available the Every Sacred Family 52-Week Mass Discussion Guide for the parish. This Guide provides tips for discussing each Sunday's scripture readings as a family, with children of all ages. You will find excerpts from each Sunday in the eNews or on the *Marriage & Family Resources* page of the bulletin moving forward, or you may download the complete guide here: olbsegv.org/prayer-life/#MassGuide.

Students in Miss Nagle's seventh and eighth grade science class can breathe a sigh of relief, because they have all finished their science fair projects for this school year! Students began the science fair project journey back in September, when they started brainstorming and researching project ideas. Some topics include "Which brand of bottled water is the purest?" and "What type of bread molds the fastest?"

They have since spent the last four months forming a hypothesis, designing and executing an experiment, documenting the results, and drawing conclusions about their topic of choice. This process culminated in the annual Queen of the Rosary Science Fair on Friday, January 20, where the students practiced communicating their scientific findings to the community, including a panel of volunteer judges! The highest scoring students will be competing in the Illinois Junior Academy of Science Regional Science Fair in the spring. These seventh and eighth grade students should be very proud of all the hard work they have done over the last few months!
